Ward Councillor’s report.
Cllr O’Brien updated the council on the situation at Riverside. Cllr Harley had been in contact with the head of Streets and Open Spaces. They could not determine a cause for the excess water which has appeared in this location. Some drainage work could be undertaken (cost around £3k-£5k) with the surface water being drained away. Although North Somerset accepted this is an adopted road and therefore falls within their remit, their constrained budgets mean they have to concentrate on drainage works where there is a threat to people’s properties. There was a suggestion that if Parish were prepared to pay for this work then they would undertake it. The Clerk agreed to put it as an agenda item later in the year.

The Recreation Ground, the land that the Village Hall is located on and the Cemetery had been sent off by the Clerk to land registry. (ix) **Work to be completed along Littlefield’s Avenue.**
The Clerk and the Chairman had met with North Somerset Highways on Friday concerning work to be carried out around the village. It is anticipated that the closure of Littlefields Avenue will potentially cause problems accessing the school (depending on the Easter Holiday). The Clerk will work with the Village Hall and the School to minimise the impact this will cause on the school run.

(x) **Work completed along High Street**
The Chairman reported to council that he had looked at the work along High Street and that it had not been completed correctly. The tarmac has been replaced incorrectly meaning that the water is still heading towards the property along High Street. The speed hump in this location (probably one of the most important as it is at the back entrance to the school) has been tarmacked over making it ineffective. The white lines for the ghost pavement and part of the keep clear sign were also missing. The Clerk was asked to write to North Somerset explaining the councils concerns and asking that the situation be rectified.

(xi) **Banwell Schools Life Skills Group request**
Banwell Schools Life Skills Group had written to the chairman requesting money to help set up the allotment that they had been given. The Clerk was asked to put it as an agenda item for March. A reply would be sent to The Life Skills Group and copied into the head.

(xiii) **Church Street Drain**
Cllr Blatchford brought to the council attention that the drain in Church Street needed to be looked at as water comes out of the gullies when it rains.

(xiv) **Refuse and recycling**
The refuse and recycling has not been collected on Church Street again this week due to the road closure. The Clerk said she will contact North Somerset. Cllr Parry also informed the council that the present contractors were leaving rubbish on route. He asked if any problems could be photographed and then sent to North Somerset.
